Dear Mr. Garrett,

This is in response to your 9/10/09 letter requesting FEMA back up data for Crabtree Creek in Wake County, NC. After an extensive search, we are unable to locate Hydraulic and Hydrologic modeling. According to the Flood Insurance Study for the Wake Co. and Incorporated Areas, dated 5/2/06, studies were performed by USACE (COE) 4/89, Hazen & Sawyer 7/94, Lloyd & Tyndall 9/97 and NCFMP 12/04; however, that data for your area of interest was not found in our Library Archive.

We thank you for your request and look forward to serving you again in the future. If you have any questions regarding your request or we may be of further assistance, please contact me by telephone at (703)212-4033.

Sincerely,

A handwritten signature in cursive script that reads 'John Adams'.
